No. 13/28/2025-I/PHD | 942

Dated: 18/06/2025

CIRCULAR

In pursuance of Letter No. 4-01/2023-DC(Misc.3) dated 11/04/2025 received from the Directorate General of Health Services ,Central Drugs Standard Control Organization (FDC Division), raised concerned regarding the grant of manufacturing licenses for sale of the Fixed Dose Combination (FDC) drugs that fall under the definition of a “New Drug” in the country without due approval from Drugs Controller General (India). The same concern has been raised from time to time and multiple letters have been issued to the respective State Licensing Authority (SLA’s) that granted permission for manufacturing & marketing of unapproved FDC’s.

With reference to above subject, it has been brought to the notice of Directorate that certain Fixed Dose Combinations (FDCs) were licensed for manufacture, sale, and distribution by State Licensing Authorities (SLAs) without prior evaluation of safety and efficacy, in contravention of the New Drugs and Clinical Trials (NDCT) Rules, 2019 under the Drugs & Cosmetics Act, 1940.

The approval of such unapproved FDC’s compromise patient safety and may lead to adverse drug reactions, drug interactions and other health hazards due to the absence of scientific validation. Upon issuance of show cause notices to the manufactures, they have stated that these licenses were granted by the respective Drug Licensing Authorities and have not violated any Rules. This has resulted in a lack of uniform enforcement of the provision of NDCT Rules 2019 under the Drugs & Cosmetics Act 1940 across the country.

A list of such unapproved FDCs, which were earlier licensed by State/UT Licensing Authorities but subsequently cancelled or voluntarily surrendered, is annexed herewith.

Cont.

All the concerned departments and authorities under the Public Health Department are hereby directed to strictly adhere to the directives in the interest of public health and safety:

C-171

1. Ensure that the FDCs mentioned in the annexure and any other unapproved FDCs are not permitted for manufacture, sale, or distribution in the country;
2. Initiate necessary investigations and take appropriate action under the applicable provisions of the NDCT Rules, 2019 and the Drugs & Cosmetics Act, 1940, under intimation to this Department.

(Dr. Pooja Madkaikar)
Under Secretary (Health-II)
